Notice of Motions

6. Motion from Councillor Padraig Fallon:

I propose that this Municipal writes to both the Minister for Housing, Local Govt & Heritage and Minister for Agriculture seeking, asking that blanket bog sites in North Leitrim be included under the blanket bog agri – environment programme.

7. Motion from Councillor Padraig Fallon:

I propose to ask for an update with regard to lighting of Back Lane, Lugmeen, Drumkeeran and Millbank Glen, Dromahair. When can residents expect completion of works?

8. Motion from Councillor Sean McDermott:

Can the Council engage with the OPW regarding flooding of the Glenfarne river? In the past when homes were flooded the river was cleaned from Lough MacNean Upper to Glenfarne Village and this was a great success. Now this river needs cleaning on the Manorhamilton side of Glenfarne Village as sandbags were needed recently to prevent flooding to two houses on this stretch of river.

9. Motion from Councillor Sean McDermott:

The issue of safety on the R282 at Ballaghameehan National School was raised at a Council Meeting earlier this year. Can an update on progress be given?

10. Motion from Councillor Justin Warnock:

I ask our Senior Planner, Bernard Greene, could the further erection of wind turbines have a detrimental impact on the visual amenity of the outstanding natural beauty of North Leitrim and be in conflict with the Regional Policy Objective 5.3 of the Regional Spatial Economic Strategy of the NWRA and NPF which is considering North Leitrim as a potential National Park / Recreational Area and which this local authority supports.

11. Motion from Councillor Justin Warnock:

I ask Leitrim County Council are they taking the lead and has funding been sourced to carrying out urgent repair works on Brocky Bridge on the River Duff between Tawley in Leitrim and Ballintrillick in Sligo which was damaged due to flooding in early August?

12. Motion from Councillor Mary Bohan

What progress has been made regarding the proposed walkway from Drumkeeran Village to Lough Allen at Spencer Harbour?

13. Motion from Councillor Mary Bohan

I propose that improvements be carried out on The Gaeglom Road in the interests of safety as soon as possible.

14. Motion from Councillor Frank Dolan:

I ask that the road in Blasthill, Greaghnafarna, Dromahair be included in next year's Roadwork's Programme.

15. Motion from Councillor Frank Dolan:

I have received some complaints about the condition of the "LCC tip" and the area around it at Kilcoon, Dromahaire. I ask the area engineer to look into this.

16. Motion from Councillor Felim Gurn:

There is a lack of childcare facilities for working people in the Manorhamilton area due to Regulations and costs, which is causing major distress for people who are now are faced with the dilemma of going back to work in offices after Covid. I ask this municipal district to write to Minister Roderic O' Gorman in relation to this matter.

17. Motion from Councillor Felim Gurn:

With the provision of the new car park at the old priest's house we said we would wait until it was completed to do a new traffic management plan for the town. We're now seeing bottlenecks of traffic on Newline and the Bee Park Road, traffic tailbacks on the brae, resulting from traffic not going down the Main Street which has to try and go towards Supervalu. There are cars parked on both sides of the street at the library and the new flower shop.
With a lot of the spaces on the Main Street taken up by staff working in businesses and not using car parks in the town. I ask the senior engineer to look at a new traffic management plan for the town of Manorhamilton.
