4. To consider a date, time and venue for the Manorhamilton Municipal District Annual Meeting
5. Meeting Correspondence (Pages 17 - 20)

Notice of Motions

6. Motion from Councillor Padraig Fallon

When it is planned to take charge of the Magheramore road Glenade. It is an important link road between two other public roads the L 21251 and L 6101. It is used by many apart from inhabitants as a link and shortcut, used for access to Eagles Rock and Glenade Lake which both have seen an increase in visitor numbers.

7. Motion from Councillor Padraig Fallon:

I propose the installation of a cattle grid in Aughavoghil Kinlough on L21081.

8. Motion from Councillor Sean McDermott:

In light of the proposed Local Link Transport Service for the Rossinver/Kiltyclogher area, there is a safety issue for the bus which will be substantial in size. It is well known that the R281 road between Kiltyclogher and Kinlough is very narrow, what can be done to make it safe when this bus meets traffic?

9. Motion from Councillor Sean McDermott:

Can safety measures can be put in place at the National School in Ballaghameehan, Rossinver on the R282 which is a very busy cross border route. Parents, teachers and The Board of Management are very concerned with the safety issues. Can site lines and road markings be improved?

10. Motion from Councillor Felim Gurn:

They are still some housing estates with ongoing bond issues in the county, one of those is in Dromahair. Residents of Castlecourt estate are in a situation where their estate may never be taken over can these issues be resolved between the builder of the estate and the council?

11. Motion from Councillor Felim Gurn:

A significant amount of buildings have been left derelict because of repossessions by banks due to the 2008 building boom/bust. Can new legislation be brought in by the Dáil where buildings that have been repossessed by financial institutions, that the institutions be issued a fine if they do not keep the buildings in good repair instead of adding to dereliction in our towns and villages. County Councils have been trying to implement solutions to this problem but have not succeeded.

12. Motion from Councillor Justin Warnock:

How does Leitrim County Council propose to insure that further developments in the Lough Allen water catchment area do not impact further on the ecological status of this lake which is a Priority Area for Action.

13. Motion from Councillor Justin Warnock:

Can Leitrim County Council provide an update on how do they intend to progress works with all stakeholders at Dartry View housing estate, along the R280 southern approach to Kinlough which have been stalled for over a decade.

14. Motion from Councillor Frank Dolan:

Has any progress been made in recent times in the taking in charge of estate process, especially those estates that were listed as being at an advanced stage I do understand that covid had an impact on some work being carried out.

15. Motion from Councillor Frank Dolan:

Sometime ago funding was allocated for a traffic island at the entrance to the community park in Dromahair in order to slow down the passing traffic ,I ask will this work be carried out this year. Hopefully this will become a busy place once again but it is extremely dangerous.
