### Notice of Motions

**5. Motion from Councillor Des Guckian:**

That, in the light of many defibrillators that have been stolen, damaged or not been properly serviced, we agree to contact The Community First Responders and ask them to reinstate the many defibrillators that are no longer working in this Municipal area.

**6. Motion from Councillor Des Guckian:**

That we ask Housing to outline the protocols they have in place to deal with the increasing number of mothers and families, in the Carrick Municipal area, that have been forced to leave their homes because of domestic violence.

**7. Motion from Councillor Sean McGowan:**

I seek the support of the members in calling on Iarnród Éireann to again look at providing a lift or other suitable means of access to platform No. 2 at Dromod Station that will cater for the needs of older or people with disabilities. Trains meet at Dromod Station on a regular basis, and it is difficult for older or people with disabilities to use the footbridge that is currently there.

**8. Motion from Councillor Sean McGowan:**

I ask Mr. Joseph Gilhooly, Director of Services Infrastructure, what further steps Leitrim County Council can take to try and halt the ever-growing problem of illegal dumping of household waste and other materials along our County Roads. This is a terrible blight on our countryside & we need to come with some new ideas to tackle this ongoing issue.

**9. Motion from Councillor Paddy Farrell:**

I call on district engineer Darragh O'Boyle to carry out road improvements works at the Sheemore Ambush Monument, as traffic meets there and leaves this area in a very dirty state.

**10. Motion from Councillor Paddy Farrell:**

I call on Leitrim County Council to explain how, as we all believed the works were near complete, there are several outstanding issues to be redone on the public realm project in Carrick. This is very frustrating and annoying for business people and everyone who uses the town. People have put up with enough the last two years.

**11. Motion from Councillor Finola Armstrong McGuire:**

May I have an outline of the progress, by our Council, on the proposed Carrick-on-Shannon Town Area Development plan. I understand it is being done in conjunction with plans by Roscommon County Council in relation to Cortober. Can I have outline of the process in both timeline and overall intended presentation to our Municipal members.

**12. Motion from Councillor Finola Armstrong McGuire:**

May I have an outline of the current number and type of unoccupied units owned by Leitrim County Council in the Carrick Municipal Area. How many individuals and families are seeking council properties in preference to properties owned by private landlords and what is the average "turnaround time" for Council units vacated by other tenants?

**13. Motion from Councillor Enda Stenson:**

When do we expect a decision on the proposed Carrick on Shannon bypass? At the moment, a lot of work is being done on the N4 and I'd find it strange if the TII would do this amount of work on it here, and then decide to bypass this road.

We must again stress the wishes of all people in this area. The present N4 is fine, but we must find a way around Carrick for the good of the town and its people who live around it.

**14. Motion from Councillor Enda Stenson:**

Have we finally got the go ahead for stage one in the upgrade of Mohill's streets and footpaths, and if so when can we expect a start date for the works?

**15. Motion from Councillor Thomas Mulligan**

That we consider public lighting for the local road which connects R202 with R201 via Treanmore which forms part of a very popular looped walk.

**16. Motion from Councillor Thomas Mulligan**

I ask the District Engineer, that a number of fallen trees are removed from the Rinn and Blackwater River.
